

DECLARATION OF CONFORMITY

of hygienic suitability of products in contact with drinking water according to the German Drinking Water Ordinance § 17 paragraph 3

Company name	Rädlinger primus line GmbH
Name	Andreas Mühlbauer
Street	Kammerdorfer Str. 16
Zip code, City	93413 Cham

The basis for the declaration of conformity is the attached statement "Statement on test report for multilayer hose Primus Line Typ G regarding EN16421:2015, method 2 and KTW Evaluation criteria" issued by OFI on 2023-03-08.

The manufacturer bears sole responsibility for issuing this declaration of conformity.

We hereby declare that the components listed below (hereinafter referred to as "products") in their respective present form and/or condition meet the general requirements pursuant to Section 17 (2) in compliance with the requirements pursuant to Section 17 (1) of the Drinking Water Ordinance.

Furthermore, we declare that the Products comply with the requirements specified by the Federal Environment Agency

"Evaluation criteria for plastics and other organic materials in contact with drinking water including all annexes"

which were valid at the date of issue of this declaration. This declaration was preceded by tests of the products in accordance with the European standards listed below by a body accredited for this purpose. The conditions and results of were documented in test reports, which can be inspected at any time upon request.

The **test report 2101879/15319/1H was issued by OFI** on 2022-06-30 and, given that the conditions and requirements remain unaltered, requires retesting by **2027-06-30**.

The **test report K-344122-21-Kr/sg was issued by Hygiene-Institut des Ruhrgebiets** on 2021-05-10 and, given that the conditions and requirements remain unaltered, requires retesting by **2026-05-10**.

This declaration is valid until revoked.

Declaration of Conformity

Rädlinger primus line GmbH

Statement on test report for multilayer hose Primus Line Typ G regarding EN 16421:2015, method 2 and KTW Evaluation criteria

Dear Ladies and Gentlemen,

We hereby confirm, that we checked the transmitted test reports according to EN 16421:2015 method 2 and KTW Evaluation criteria for accordance with the recommendation "Conformity attestation of product hygiene suitability for drinking water" issued by the Umweltbundesamt (UBA).

For the "Multilayer hose Primus Line Typ G" valid test reports according to EN 16421:2015 method 2 and KTW Evaluation criteria issued by accredited conformity assessment bodies were transmitted.

The layer structure and the formulation of the hose were disclosed and are available at the certified body OFI CERT.

According to test report 2101879/15319/1H (issued by OFI on 2022-06-30) and test report K-344122-21-Kr/sg (issued by the Hygiene Institut des Ruhrgebiets on 2021-05-10) the hose (test sample) fulfils the requirements of the KTW Evaluation criteria for pipes (P1) with 80 mm < ID < 300 mm in cold water (23°C). The formulation requirements are also met.

We also hereby clarify, that this statement is not a conformity assessment of the product or any assembled products.

Kind regards

Ing. Mag (FH) Günter Jechlinger
Head of Certification body OFI CERT
